

Journal name \_\_\_\_\_

Special Issue Title \_\_\_\_\_

(Main text)

Here, in one or two short paragraphs, provide a summary of the field, and continue explaining the main challenges facing it.

In a separate paragraph, outline the proposed aims and the scope for the Special Issue, describing studies/researches you would attract. If this is the case, you can here can encourage articles relating to a certain theory/concept/view. Similarly, you can advise that you hope to attract Review Articles describing the current state of the art.

Topics include but are not limited to the following:

- Here you can list a number of potential topics to be covered
- 5-15 is a reasonable number of topics
- The Call for papers should cover a single page A4
- 400 words is a good guideline maximum length
